## 2023 Frequently Asked Questions – District Meetings

Last Revised: 12/19/22

<u>Frequently Asked Questions</u>	<u>Answer</u>
1.) What is the purpose of a Sawnee EMC District Meeting?	Sawnee EMC is a cooperative, and as such, is democratically controlled by the members. The Sawnee members elect representatives to serve on the cooperative's Board. A District Meeting is a meeting of the members of a particular district that is held so those members can elect "who" will represent the members of that district on the SEMC Board.
2.) How often does Sawnee EMC hold a District Meeting?	It is possible to have as many as three (3) District Meetings each year. Three (3) of Sawnee's nine (9) directorate districts are eligible each year, on a rotating basis, as outlined in the Bylaws. The Bylaws do not require Sawnee to hold a District Meeting when there is <u>not</u> a contested director election in an eligible district.
3.) Who can participate in a District Meeting?	Only those individuals or entities who are listed as a "member" in the district where the election is being held, may participate. Also, they must be a "member" as of the election record date in their district. A district is defined by a geographic area outlined in the Sawnee EMC Bylaws (See Section 4.03, "Directorate Districts").
4.) Are <u>only</u> the members who are assigned in a particular district, allowed to vote for a representative in that District Meeting?	Yes. Each member of Sawnee EMC has a designated directorate district and can <u>only</u> cast their vote for a representative in their assigned district. There are requirements that govern "who" is defined as the member, "where" their district is located, and "when" the cut off for participation occurs (e.g., the election record date), so be sure to ask about these requirements if you're not sure.
5.) What are the dates of the District Meetings that could potentially be held in 2023, and what would be the location of each?	For 2023, elections <u>could</u> potentially occur in the following three (3) districts, as provided for by the Bylaws of the Cooperative: <ul data-bbox="1037 1214 1587 1317" style="list-style-type: none"><li>• District #3 (Cumming) – September 5, 2023</li><li>• District #5 (Ducktown) – September 6, 2023</li><li>• District #8 (Ocee) – September 7, 2023</li></ul> Based on the Bylaws of the Corporation, a notice will be provided to the members of record of these districts if an election is to occur. This notice will provide the location of these meetings.

Last Revised: 12/19/22

<u>Frequently Asked Questions</u>	<u>Answer</u>
14.) Is there an “independent” body involved in the election process that is not a member of the staff, Board of Directors or a candidate for the office of director?	the Corporation. Finally, the bylaws provide for a challenge or appeal process when a member feels they, or others, were treated unfairly.  Yes. The Bylaws require that a committee comprised of independent SEMC members serve as the District Meeting Credentials and Election Committee (“Committee”). This Committee establishes election procedures, ensures compliance with the Bylaws and rules on any questions that might arise about a director election. The Committee has the final authority in all matters relative to the district meeting and the director election process.
15.) What role does the election teller play in the process?	Election Tellers (Tellers) are individuals, usually three (3) people per candidate, that are selected by each director candidate to assist the Credentials and Election Committee during the director election. The Tellers witness the election process and assist the Committee in the counting and tabulation of the votes.
16.) Who can I talk to if I have concerns about the election results or the way the election was conducted?	The Bylaws provide in Article 4, Section 4.10, that SEMC members can file a protest or an objection concerning the director election with the Credentials and Election Committee. Such protest must be filed within the time frames stated in the Bylaws (see Article 4, Section 4.10 of Sawnee’s Bylaws) to be considered valid. The Committee must meet to consider the matter, rule on the question, and file a report on their actions.
17.) When could a “run-off” election be needed?	The Bylaws of the Corporation provide for a run-off election when two (2) or more candidates are in a director election race and one (1) of the candidates does <u>not</u> receive a majority (defined as 50% plus 1 vote) of the votes cast. If this occurs, the two (2) candidates receiving the most votes will then go to a run-off election.
18.) Who oversees the run-off election process and sets the dates for the various events?	The Directorate District Credentials and Election Committee is charged with undertaking and supervising the run-off election and associated events. Early Voting is allowed in the run-off election, if approved by the Directorate District Credentials and Election Committee. The Board is to set the various dates for any directorate district run-off meeting(s), and the C & E Committee is to sanction these dates.
